

Real Hardwood Decking

- ★ *Thermo-Treated Premium Grade Oak*
- ★ *100% Green*
- ★ *25-year Durability Warranty*
- ★ *All Four-Sides Factory Oiled*
- ★ *Cut In The Fixed Length*
- ★ *Low Maintenance*
- ★ *Made In The USA*

Sold By:

Therma Decking Features:

- The product is naturally durable for at least 25 years due to our thermo-treatment process;
- Dimensional stability increased 5-10 times;
- Products require less maintenance;
- Dramatically reduced warping and cracking;
- Light in weight (3 – 3.5 lbs/SF);
- Janka Hardness – 1,300 Lb.
- Reduced combustibility (Class B fire rating);
- Improved resistance to termites;
- Grown and made in the USA.

Four-Sides Factory Oiling Advantages:

- Makes product ready to use;
- Prevents fading of color under sunlight;
- Prevents seasonal surface checking;
- Makes wood grain sound and attractive;
- Our FOUR sides oiling saves money on surface oiling on-site; oiling of the backside is extremely important to increase the lifetime and performance of decking.

Compare thermo-treated Oak decks to the other decking products:

Product	Durability	Stability	"Green"	Appearance	Price	Total
Pressure-Treated Pine	●●	○○○	○○○	○○○	●●●	-4
Exotic Wood	●●	○○	●●●	●●	○○	+3
Composite	●●	●●●	○	○	●●	+5
Thermo-Treated Oak	●●●	●●●	●●●	●●●	●●	+14

- **Versus pressure-treated softwood**, Therma Decking is 100% Green, doesn't crack, shrink and swell like pressure-treated lumber. Over its lifetime it costs 3-4 times less.
- **Versus exotic woods**, Therma Decking is much lighter in weight, more stable, and much easier to work with.
- **Versus composite**, Therma Decking is a real wood and doesn't overheat under sunlight.
